## Piękny Jubileusz * Ein schönes Jubiläum

## 1904—1929.

Jest jakaś stara piosenka zaczynająca się od słów: **„Rozmaicie fortuna naszych Panów wiodła"** słowa te przypominają się obecnie, gdy jeden z najznakomitszych kierowników naszego przemysłu naftowego dyrektor Towarzystwa „Galicja" **p. Tadeusz Chłapowski** obchodził **25-lecie swej pracy w tejże firmie.**

Wielkopolanin, były oficer pruskich ułanów gwardji, przybył do Małopolski, by twardą pracą wykuć sobie swą egzystencję. Pracując początkowo jako zwykły robotnik za dziennem wynagrodzeniem po 60 ct., następnie jako wiertacz, potem jako kierownik ruchu w różnych kopalniach na zachodzie, przeniósł się następnie do Rumunji, prowadził roboty wiertnicze w Belgji, a wreszcie 4. maja 1904 wstąpił do firmy „Galicja" jako kierownik kopalń i juz w krótki czas potem, bo 1. marca 1907 zostaje dyrektorem kopalń tej firmy, które to stanowisko zajmuje dotychczas, przyczem w roku 1921 objął równocześnie także dyrekcję Franco-Polonaise w Bitkowie, która przekształciła się obecnie na Francusko-Polskie Towarzystwo Górnicze.

Działalność jego jako dyrektora jednej z największych firm naftowych była jednym wielkim sukcesem tak dla tej firmy, jak i dla całego przemysłu naftowego.

Po wyczerpaniu źródeł schodnickich, eksploatował Borysław jak długo mógł, przerzucił się, idąc z prądem przemysłu, do Tustanowic, gdzie „Galicja" dowierciła kilkanaście ropodajnych szybów, między którymi zasługują na szczególną uwagę otwory „Alfred" i „Tadeusz", a po wyczerpaniu Tustanowic zwrócił swą działalność ku Mraźnicy i tu uzyskał imponującą produkcję na kopalni „Zofja" — prócz tego założył produktywne kopalnie w Krośnie i Grabownicy, a zasługą jego są również wiercenia pionierskie w Stankowej, Haczowie i Strachocinie.

Nie będę wymieniać cyfr, wyliczać tych tysięcy wyprodukowanych wagonów ropy, gdyż trudno jest działalność i energję tak wybitnej jednostki ujmować w cyfry, ograniczę się do zaznaczenia, że wszelkie wiercenia, jakie w ostatnich 25 latach przeprowadziła „Galicja", ma do zawdzięczenia wyjątkowej pracy, niezmordowanej pilności i rozległemu horyzontowi swego dyrektora, który bystrym swym wzrokiem, swoją energją i rzutkością podniósł swą firmę do poziomu, na jakim się obecnie znajduje i wyrobił jej znaczenie i prestige, jakiem towarzystwo to w świecie naftowym obecnie się szczyci.

Ein altes polnisches Lied besingt die manigfaltigen Schicksalswendungen der polnischen Herren; die Worte dieses Liedes kommen mir jetzt in Erinnerung, da einer der prominentesten Führer unserer Naftaindustrie Herr **Tadeusz Chłapowski,** Direktor der Naftaaktiengesellschaft „Galicia" das 25-jahrige Jubiläum seiner Tätigkeit bei dieser Firma feierte.

Gebürtig aus Grosspolen, ehemaliger Offizier der preussischen Gardeulanen, kam er einst nach Kleinpolen, um sich mit harter Arbeit Existenz zu schaffen. Anfags arbeitet er als gewöhnlicher Arbeiter gegen Tagesentlohnung von 60 Kreuzern, nachher als Bohrmeister, später als Betriebsleiter auf verschiedenen Gruben im Westen, geht dann nach Rumanien, leitet Bohrarbeiten in Belgien und tritt am 4. Mai 1904 in die Firma „Galicja" als Grubenleiter ein, um kurze Zeit nachher, am 1. Marz 1907 Grubendirektor dieser Firma zu werden. Diese Stelle bekleidet er bis nun, wobei er ausserdem gleichzeitig im Jahre 1921 auch den Direktorposten der Firma „Franco-Polonaise" in Bitków, welche gegenwartig Französich-Polnische Montangesellschaft heisst, übernommen hat.

Seine Tätigkeit als Direktor einer der grössten Naftafirmen, bildet einen grossen ununterbrochenen Erfolg sowohl fur diese Firma, als auch für die gesamte Naftaindustrie.

Nachdem die Quellen in Schodnica erschöpft waren, betrieb er die Exploitation von Borysław, solange es sich liess, überging dann, der Strömung folgend, nach Tustanowice, wo die „Galicia" eine grössere Anzahl Schächte erbohrt hat - unter diesen verdienen besondere Erwahnung die Schachte „Alfred und Tadeusz" - und nach Erschöpfung von Tustanowice lenkte er seine Tatigkeit uach Mraźnica und erhielt hier eine imposante Produktion auf der Grube „Zofia", ausserdem gründete er produktive Gruben in Krosno und Grabownica und ihm sind auch die Pionierbohrungen in Stankowa, Haczów und Strachocina zu verdanken.

Ich sehe von der Nennung der Ziffern, von der Aufzählung der Tausende der zu Tage geförderten Rohölwaggons ab, denn es ist nicht leicht die Tätigkeit und die Energie einer solchen Persönlichkeit in Ziffern auszudrücken, es genügt die Bemerkung dass alle Bohrungen, die die Firma „Galicia" in den letzten 25 Jahren vorgenommen hat, der hervorragenden Arbeit, dem unermüdlichen Fleisse und dem weiten Gesichtskreise ihres Direktors zu verdanken sind, welcher durch seinem scharfen Blick, seine Energie und seine Gewandheit, seine Firma auf das Niveau gebracht hat, auf welchem sie sich heute befindet und ihr diese Bedeutung und dieses Prestige erwirkt hat, dessen sich diese Gesellschaft heute in der Naftawelt erfreut.

Niezmordowany w pełnieniu swych obowiązków służbowych, sumiennem i gorliwem, nie zapomina dyrektor **Chłapowski** o pięknej niwie działalności społecznej i obywatelskiej, na której również wysoko się wybił; dość wspomnieć, że od kilkunastu lat chlubnie dzierży jako prezes ster prac **Izby Pracodawców** w Borysławiu, zajmując temsamem najszczytniejsze stanowisko obywatelskie w zagłębiu naftowem, a od szeregu lat jest też wiceprezesem „Krajowego Towarzystwa Naftowego" a na obu tych posterunkach położył wielkie zasługi.

Wojskowy hart, energiczny temperament i szybkość działania i decyzji, którą nie tylko sam się odznacza, ale którą wszczepić umiał także w swych podwładnych, wyrobiły mu uznanie w kierowniczych sferach firmy i respekt u funkcjonarjuszy tejże; wielkie przymioty jego serca, życzliwość dla podwładnych, dla których zawsze był i jest prawdziwym opiekunem, zyskały mu sympatje ogółu pracowników i ogółu społeczeństwa. Toteż gdy obchodził swe **dwudziestopięciolecie** pracy we firmie, zgotowali mu jego urzędnicy i robotnicy serdeczną do łez wzruszającą owację.

**Tadeusz Chłapowski** jest ostatnim może z tego pięknego szeregu zasłużonych i czczonych dyrektorów przemysłu naftowego, jakimi byli śp. Meszaros, Żukowski i Mikucki; **życzę Mu zatem, by długie lata pozostawał jeszcze wśród nas, dla dobra jego firmy, przemysłu naftowego i kraju całego którego jest jednym z najlepszych synów!**

Wydawca.

Unermudlich in der gewissenhaften und fleissvollen Erfullung seiner Arbeitspflichten, vernachlassigt Direktor **Chłapowski** auch das schöne Gebiet der sozialen und bürgerlichen Tätigkeit nicht und ragt auch auf diesem Gebiete hervor, unter anderen bekleidet er in löblichster Weise seit vielen Jahren den Posten eines Prasidenten der **„Arbeitsgebekammer"** in Borysław, was die höchste Ehrenstelle im Naftarevier bedeutet, ausserdem ist er seit längerer Zeit Obmannstellvertreter des „Landesnaftavereins" und auf beiden diesen Posten wirkt er höchst verdienstvoll.

Das energische, soldatische Temperament, die Schnelligkeit in Entschluss und Tat, die er nicht nur selbst besitzt, sondern auch seinen Untergebenen einzuimpfen verstanden hat, haben ihm vollste Anerkennung in den leitenden Kreisen der Firma und Respekt bei deren Angestellten eingebracht, die hohen Eigenschaften seines Herzens, das Wohlwollen für die Untergebenen, denen er stets ein wahrer Vater war und noch ist, haben ihm die Sympathien aller Angestellten und der ganzen Bevölkerung zugezogen. Es ist daher nicht zu verwundern, dass ihm seine Arbeiter und Beamten aus Anlass seines **25-jahrigen Jubiläums** eine herzliche und rührende Kundgebung bereitet haben.

**Tadeusz Chłapowski** ist der letzte vielleicht aus der schönen Reihe der verdienten und allgemein geehrten Direktoren der Naftaindustrie, wie es Meszaros, Żukowski und Mikucki waren. **Ich wünsche Ihm daher, Er möge lange Jahre unter uns bleiben, zum Wohle seiner Firma, der Naphtaindustrie u. des ganzen Landes, dessen einer der besten Söhne Er ist!**
